PROJECT NO. CM1226-43

RESPONSE TO REQUEST FOR INFORMATION (RFI'S / QUESTIONS)

1. Question: We sell the camera systems, install, program, configure, train and support it but we subcontract out the electrical work (running of cables, conduit, and etc.) to a licensed electrical contractor. I am inquiring whether this specific bid requires the bidder to possess the C13 or C15 (electrical license) or if we can show proof that the subcontractor on the job used is a licensed.

Response: To be eligible for award, bidders must possess a valid State of Hawaii Specialty Contractor's "C-13" or "C-15" license at the time of bidding. Bidders cannot use subcontractors to meet the license requirement for award as you described. Refer to the General Provisions, Section 5.16 Subcontracts, for additional requirements for subcontracting.
